

FORTHEM Collective Short-Term Mobility

SUMMER EDUCATIONAL SCHOOL FOR RESEARCHERS: “Soft skills and Didactic Innovation”

Organising university: University of Palermo (Italy)

Location of the event: Facultat de Magisteri of the University of Valencia (Spain).

Organisers: Today, the Facultat de Magisteri of the University of Valencia and the Department of Psychology, Educational Science and Human Movement of the University of Palermo receive citizens from all over the world. Both institutions provide the best academic opportunities to their already well-instructed visitors to contribute to their future profession so that they will be able to offer valuable educational prospects to the new generations of citizens.

Project description: The foremost aim of this mobility is to make teachers and trainers protagonists in the European education area. The general objective is to positively and constructively discuss the results of individual educational researches with a team of university professors in presence of peers who share the same status as PhD and Masters students in Education Sciences.
